

Certification Statement for Concrete Designated for Recycling

Clean Earth of Carteret, Inc.
24 Middlesex Avenue
Carteret, NJ 07008
732-541-8909

Recycling Center Approval # _____

Site Name: _____

Address: _____

Contact: _____

Phone #: _____

Per the Guidelines for Characterization of Concrete and Clean Material Certification for Recycling mandated by the New Jersey Department of Environmental Protection, please check one of the following statements:

- The concrete materials as referenced above have been characterized through laboratory analysis of concrete, post-demolition concrete processing fines and brick and block. The certification statement and analytical copies have been submitted to the NJDEP Case Manager for the site. (See Note) N/A
- The concrete materials as referenced above have not been characterized through laboratory analysis; however have been self certified using the Clean Building Checklist". The checklist, self certification, and certification statement have all been submitted to the NJDEP Case Manager for the site. (See Note) N/A

I certify that I am familiar with the information related to the above mentioned material and the corresponding characterization documents. The concrete materials (including building demolition debris, concrete, brick, and/or block) referenced above contain contamination below the NJDEP's Residential Direct Contact Soil Cleanup Criteria ("RDCSCC") and are not considered a solid waste as outlined in the Solid Waste Regulations at N.J.A.C. 7:26 *et seq.*
