Dear Valued Partner:

We're reaching out to share an important update and, more importantly, to reinforce our continued commitment to you and your business.

**Clean Earth is now part of Veolia.** We're committed to making this transition seamless and maintaining our strong partnership with you.

**There are no changes to your current processes.** Please continue:

- Sending invoices to your existing Clean Earth processing addresses
- Working with your current Clean Earth contacts
- Following the same payment terms and timeline
- Maintaining vigilance for fraud attempts, especially during the integration period

**If you work with both companies:** Keep using the standard payment process for each—Veolia orders follow Veolia's process, and Clean Earth orders follow Clean Earth's process. You'll continue receiving all POs and inquiries under the Clean Earth name through Oracle.

### **In the Coming Months:**

As we progress through this integration, we will be transitioning to the Veolia ERP system. Detailed information about this transition, including any process changes that may affect you, will be shared with you at the appropriate time. We will ensure clear communication every step of the way.

### **Our Commitment to You:**

We value the products and services you provide to Clean Earth, and we look forward to continuing our business relationship under Veolia. Your role as a trusted partner remains as important as ever.

As we continue to integrate, we encourage you to reach out to your existing Clean Earth representatives with any questions or concerns. We are here to help.

Thank you for your continued partnership.

Sincerely,

Asuquo Edem  
VP Procurement
